

September 20, 2007

The Children's Museum of Science and Technology (CMOST) has great news for you and your students! Thanks to our generous partners, CMOST is able to offer free group visits* during the weeks of January 14th, January 21st, January 28th and February 4th of 2008.

These trips are being funded through a grant program called Discover Science. In order to receive a subsidized group visit you must complete the enclosed Discover Science grant application and return it to CMOST. In exchange for a subsidized trip, all participating teachers will be required to complete a short program evaluation based on their experience at The Museum.

Applications will be processed on a first come, first served basis and can be submitted immediately. Highest preference will be given to schools that offer a higher percentage of free or reduced lunches. Please complete the application, sign the program agreement and return the attached application to:

CMOST
Discover Science
250 Jordan Road
Troy, NY 12180

For more information, please contact Sarah Fisk at 518-235-2120 ext. 209 or sfisk@CMOST.org.

Please pass this information along to your colleagues, counselors and coordinators as well! Don't miss the opportunity to start the 2007-2008 school year with a field trip that will spark your students' enthusiasm for science.

Sincerely,

Sarah Fisk
Director of Education and Museum Experience

*Bussing is not covered through the Discover Science Grant. Bussing must be provided by the school applying for the grant.
