

# River Stories “My Parent & Me” Class

5 Week session for Young Scientists

**Wednesday or Saturday mornings 9:30 AM to 10:30 AM**  
Classes available each day for kids ages 2 – 4

A chance for kids and parents to interact, explore, imagine and discover the world of science. All programs this session are themed around the Hudson River and include a pre-school educational program, a movement activity and arts & crafts time.

## September 15<sup>th</sup> & 18<sup>th</sup> Fish Tales

Catch this, did you know that an Atlantic Sturgeon can weigh up to 800 pounds! And it's not the only cool fish swimming in the Hudson River. Join in and learn all about the shapes, sizes and colors of Hudson River fish. We will read a fishy tale, practice “swimming” like a fish and create a cool fish craft to take home.

## September 22<sup>nd</sup> & 25<sup>th</sup> T is for Turtle

What turtles live in the Hudson River? Why do they have a shell on their back? What do they eat in the water? Join us as we explore the life of turtles in our own backyard! We will read a turtle story, sing a turtly tune and create a turtle to take home.

## September 29<sup>th</sup> & October 2<sup>nd</sup> Jump Frog Jump

Hop on in for a day of frog fun! We will learn about the frogs of the Hudson River valley as we experiment with making frog calls, playing a froggie finger play and other frog related activities.

## October 6<sup>th</sup> & 9<sup>th</sup> In a Tiny Tidepool

Who lives at the end of the Hudson River? Join in on a tide pool exploration! We will learn the crab walk, read a crabbie story and help a crab to find a house.

## October 13<sup>th</sup> & 16<sup>th</sup> Birds of a Feather

Why do birds have feathers? Where are the best places to find their nests? Join us as we will learn the Barred Owl call, experiment with eating with a bird beak and then create or bird eggs.
