

CHILDREN'S MUSEUM OF SCIENCE + TECHNOLOGY

March 2019

General Public Hours

School Year Hours
Wednesday– Sunday
10:00 AM – 5:00 PM

View our daily calendar of events
in The Museum by visiting our
website at
www.cmost.org.

Weekly Programs

Science Story Time
Wednesdays
11:00 AM

“Oceans in Motion” is our March story time theme. During this time, join one of our Museum Educators for this science-based story time that includes a project-based activity! No pre-registration required, activity included with museum admission. Ages 2 - 6.

Sensory Play
Thursdays
10:00 – 11:30 AM

Help your child improve motor skills and increase their understanding of how the world works. Join CMOST staff in the GE Junior Discovery room for a hands-on sensory science activity. No pre-registration required, activity included with museum admission. Ages 2 - 6.

3/7 Handprint Fun

3/14 Green as Grass

3/21 Oceans Alive

3/28 Mud Pies

Investigate the A in STEAM
Fridays
11:00AM

Designed for all ages, children will have an opportunity to explore a different creative art activity each week.

Workshops, Multi-week Classes & Special Events

World Wildlife Day
Sunday, March 3rd

Join CMOST staff as we celebrate World Wildlife Day with a schedule full of animal related activities. Check our website for the schedule of events for the day. Suitable for all ages and free with museum admission.

Homeschool Science Enrichment
The Science of Technology
Thursday, March 7th
1:00–2:30

How has technology changed since you were born? How about from the time your grandparents were born? We will explore some of the changes in technology, explore technology from days gone by and then work with newer technology to gain a better understanding of coding. All science enrichment home school programs are offered for children age 6-8 and 9-12. Pre-registration is required for all Home School programs and class size is limited, so register early. **Participants must be registered by close of business the day prior to the program.**

Homeschool Science Crew: STEAM
Tuesdays, March 12th – April 9th
1:00PM-2:00PM

CMOST is offering a new five-week Science Crew program for our home school families. STEAM: Join CMOST staff while we go on a STE(a) M adventure. Each day will be packed with fun activities that help us learn all about science, technology, engineering, art and math. All the lessons are hands-on, minds-on fun! Sessions for each age group are held concurrently for ages 6-10 and 10-14. **Pre-Registration is required.**

Scout Appreciation Day

Sunday, March 10th

Join us at CMOST today for a glimpse of the fun things we have to offer to scouts and their families. Let us know you are a scout family and receive one dollar off of each regular price admission. Check our website for a full schedule of today's events.

Green Chemistry

Sunday, March 17th

1:00PM

CMOST will be celebrating our favorite March color-GREEN in this chemistry workshop. We will explore fun chemistry experiments which will all have one thing in common...the color green. Suitable for ages 5 and up, free with museum admission.

Spring Has Sprung

Wednesday, March 20th

CMOST staff love spring and want to share some fun spring activities with our friends today. We will start with a spring themed Science Story time at 11:00 AM. All of our activities today will be based on the season of spring. Check our website for the schedule of events for the day. Suitable for all ages and free with museum admission.

Spring Break Camps

Join us on your school break to explore, discover and imagine the world of science during a day of camp at the Children's Museum of Science and Technology.

April 19th

Physics of Fun from Sports to Games to Toys

When will I ever use this in real life? Discover the real world applications of physics. What is the science behind pitches in baseball? How does the yo-yo work?

April 22nd

Mystery Science

Inspired by our love of mysteries such as Magic Tree House and Scooby-Doo and Mystery Incorporated, this camp day is dedicated to solving mysteries using science! Discover the facts, explore and science and imagine new stories inspired by this camp.

April 23rd

Wizard Science

CMOST staff highly recommends books about wizardry, witchcraft and magic. Science is like magic only real. Learn how to make potions, explore levitation and practice a magic trick.

April 24th

Silly Superheroes

Storybook characters such as captain underpants and comic book heroes such as batman will inform this day long adventure filled with lessons on physics, tool making (think batman), mask creating and more.

April 25th

Truth is Stranger than Fiction

Did you know that baby leopard geckos are born with stripes that become spots as they grow? This camp is based on our love of the series of books weird but true.

April 26th

Castles and Creatures

Queens, Knights, and the science of Fantastic Creatures. What is the truth behind the tales of medieval times?

Did dragons exist? Why were castles built that way?

Field Trips & Traveling Programs

CMOST field trips are unique, fun, and engaging experiences that allow children to learn through play. All field trips are led by a museum educator, and will immerse your students in hands-on STEAM exhibits and activities. Book a field today to explore, discover, and imagine the exciting world of science and technology with your students.

Can't get your group to The Museum? Let CMOST bring The Museum to you! CMOST Traveling Programs are incredibly popular and provide a great educational opportunity featuring hands-on science activities. Programs are standards-based and designed to help students learn at their own pace and ability level.

Interested in reserving a Traveling Program? Be sure to book early as programs and dates can fill up quickly. You may:

- Call us at 518.235.2120 ext. 206
- Email us your scheduling request form: scheduling@cmost.org
- Fax us your scheduling request form:(518) 235.6836

For more information or to register for programs, please call 518-235-2120 or visit www.cmost.org
