www.cmost.org.

**CMOST is a 501(c)3 nonprofit, funded
exclusively through the generosity of
individual donors, corporate funders,
and foundation support.**

Please consider a gift to CMOST today!

Weekly Programs

Science Story Time
Wednesdays
11:00 AM

“Summer Fun” is our June story time theme. During this time, join one of our Museum Educators for this science-based story time that includes a project-based activity! No pre-registration required, activity included with museum admission. Ages 2 - 6.

Sensory Play Thursdays

10:00 – 11:30 AM

Help your child improve motor skills and increase their understanding of how the world works. Join CMOST staff in the GE Junior Discovery room for a hands-on sensory science activity. No pre-registration required, activity included with museum admission. Ages 2 - 6.

June 6th
June 13th
June 20th
June 27th

Summer Showers
What's In the Dirt?
Sun & Sand
Water Wonders

Investigate the A in STEAM

Fridays
11:00AM

Designed for all ages, children will have an opportunity to explore a different creative art activity each week.

Workshops, Multi-week Classes & Special Events

Radiant Reefs
Saturday, June 1st
1:00PM

Join CMOST staff as we celebrate Reef Awareness Day. Learn about our oceans and how important they are. Find out how reefs are changing and what we can do about it. Hands on activities, suitable for ages 5 and up. Free with museum admission.

Homeschool Science Enrichment The Science of Ice Cream

Thursday, June 13th
1:00–2:30

For our end of the year “party” we will learn about the science behind one of our favorite treats. Once we know the history and the science, we will make our own ice cream to enjoy. A soy alternative is available. Please advise us of any special requirements when you reserve your spot.

Pre-registration is required by end of day June 12.

Father's Day
Sunday, June 16th

Bring Dad to CMOST today and teach him how to learn by playing. Each child will have an opportunity to create a gift for Dad.

National Selfie Day
Friday, June 21st

Post your favorite CMOST selfie on our Facebook or Instagram. Each picture posted will go into a drawing for a \$10 CMOST store gift certificate. One winner from Facebook and one from Instagram will be randomly selected.

Celebrate CMOST's Birthday Saturday, June 22nd

Join CMOST Staff as we celebrate the start of summer and our 65th birthday with activities that remind us of all the fun that summer has to offer. Check the website for a schedule of today's events. Suitable for all ages. Activities are free with museum admission

Red, White and Blue Day Saturday, June 29th

CMOST is preparing to celebrate the 4th of July a little early. Today all of our activities will be red, white or blue. Colorful chemistry, patriotic art projects and brightly colored animals will all be on the schedule. Check the website for a full schedule of events.

CMOST Summer Camp

At camp children play and learn together where trial, failure and creative experimentation is encouraged. New this Summer - we're taking the learning offsite! We're partnering with the Parker School and LaSalle Institute to expand our learning campus.

Kindertist

For children entering kindergarten CMOST's Kindertist program is for young children heading to a day camp program for the first time.

Junior Discoverers

For children entering grades 1-2 The curriculum includes a variety of science experiments, play and project based activities that entice and enable children to explore and learn about STE(a)M concepts over the course of their summer vacation.

Senior Explorers

For children entering grades 3-5. The curriculum includes science experiments and project-based learning activities through which children have the opportunity to both master scientific concepts and to demonstrate that mastery by presenting their discoveries to visitors and other campers in the Museum.

Tween Scientists Camp

For children entering grades 6-8th grade. The Tween Scientist camp provides young adults with hands-on scientific experiences in many fields that will excite and inspire them.

***For more information on Summer Camp visit www.cmost.org**

Summer Field Trips and Traveling Programs

CMOST field trips are unique, fun, and engaging experiences that allow children to learn through play. All field trips are led by a museum educator, and will immerse your students in hands-on STEAM exhibits and activities.

All tours are 1 ½ hours and can serve up to 100 kids. All tours include explore time in the museum; an educator led building activity and your choice of one of the following:

Astonishing Animals- meet animals from our living collection. Learn fun facts about reptiles, amphibians, birds and or mammals. Helps children develop an understanding of how animals survive in the wild.

Spectacular Slime- Discover the states of matter and create a polymer to take home.

Tinker Time- foster creative thinking and problem solving skills while becoming part of the maker movement.

Can't get your group to The Museum? Let CMOST bring The Museum to you!

For grades K-2

STEAMing into Nature
Solar Science***
Out of This World***
Budding Builders
Backyard Birds

For grades 3-5

STEAMing into Nature
Solar Science***
Out of This World***
Engineering Solutions
Backyard Birds

*****these programs are designed to correlate to the 2019 library summer reading theme**

Don't see the topic you're looking for? Just ask! Our goal is to exceed your expectations for quality hands-on learning. Please don't hesitate to give us a call or email for assistance. We'll be happy to see what we can do
