

School Break Camps

November-December 2018

Join us on your school break to explore, discover and imagine the world of science during a day of camp at the Children's Museum of Science and Technology.

Each day has a science theme and is packed with experiments, building projects, creative elements and games. Campers will also have time to explore CMOST, participate in activities held in the Play Space, and meet the animals from Operation W.I.L.D.

School vacation science camp is run for children ages 5-11. Children are grouped according to age with ages 5-7 in the Junior Camp and ages 8-11 in the Senior Camp.

Camp Descriptions:

- **Cool Chemistry** - Do you know what makes up the smallest stuff on earth? Have you ever made a rocket out of Alka Seltzer? Chemistry is the awesome science that explores why the world works in mysterious ways.
- **Animals - from Adaptations to Habitats** - Take an in-depth look at CMOST's living collection and learn about these amazing creatures. What do they eat? Where do they live? What impact do humans have on their environment?
- **Building Art** - Create structures in fabric and clay. Make a fabric bowl, sculpt a clay creation. Learn about structural integrity based on material strength in this fun hands-on, maker inspired camp.
- **Science of Ancient Egypt** - When we think of Ancient Egypt we think of the pyramids. Learn about these engineering marvels, as well as ramps and levers, amazing inventions and the art of Ancient Egypt.
- **Amusement Park Science** - Have you ever visited an amusement park? Did you know that there's science on that roller coaster? Campers will be immersed in the science of physics as they experiment with all of the science at the amusement park.
