

# CHILDREN'S MUSEUM OF SCIENCE + TECHNOLOGY

The Children's Museum of Science and Technology (CMOST) is offering a limited number of partial scholarships for 2019 summer camp programs. These scholarships are made possible by donors to CMOST's "[Science for Every Child](#)" program.

Scholarships covering 80% (\$180) of tuition are available for families receiving public assistance (TANF, general assistance, WIC, Medicaid or medical assistance, SSI, food stamps, Section 8 housing, free or reduced lunch). Families may use a scholarship for any available camp. Multiple scholarships per family are allowed, but limit one scholarship per child. Scholarships will be filled on a first-come, first-served basis.

Scholarship students must be interested in learning, have good behavior, and be unable to otherwise afford to attend camp. The scholarship includes a full week of Before Camp, Camp, and After Camp. Campers can be dropped off at 8 am and must be picked up by 5:00 pm during the week of camp.

To apply for a scholarship families should complete and submit the following confidential information:

- A completed registration form for the camp they are interested in attending.
- The attached camp scholarship application.
- Proof of current enrollment in one of these above mentioned assistance programs.

More info at 518-235-2120 or [www.cmost.org](http://www.cmost.org)
