

CHILDREN'S MUSEUM OF SCIENCE + TECHNOLOGY

January 2019

General Public Hours

School Year Hours

Wednesday– Sunday
10:00 AM – 5:00 PM

Closed January 1st

Open Monday, January 21st

View our daily calendar of events in The Museum by visiting our website at www.cmost.org.

Weekly Programs

Science Story Time

Wednesdays

11:00 AM

“Habitat Helpers” is our January story time theme. During this time, join one of our Museum Educators for this science-based story time that includes a project-based activity! No pre-registration required, activity included with museum admission. Ages 2 - 6.

Sensory Play

Thursdays

10:00 – 11:30 AM

Help your child improve motor skills and increase their understanding of how the world works. Join CMOST staff in the GE Junior Discovery room for a hands-on sensory science activity. No pre-registration required, activity included with museum admission. Ages 2 - 6.

1/3 **Tiny Tinkerers**

1/10 **Stars & Space**

1/17 **Animal Explorers**

1/24 **Wonderful Winter**

1/31 **Blue as the Sky**

Investigate the A in STEAM

Fridays

11:00AM

Designed for all ages, children will have an opportunity to explore a different creative art activity each week.

Workshops, Multi-week Classes & Special Events

Use Your Noodle

Friday, January 4th

2:30PM

Join CMOST staff as we “use our noodles” to engineer amazing creations out of pasta! Suitable for all ages, free with museum admission.

Homeschool Science Enrichment

What You See Is What You Get:

Vision Science

Thursday, January 10th

1:00–2:30

What you see is what you get ... or is it? Join us for this hands-on science lab where participants will investigate the science of vision. Explore how your eyes work, dissect a sheep's eye for further examination and explore some cool optical illusions and the science behind them! All science enrichment home school programs are offered for children age 6-8 and 9-12. Pre-registration is required for all Home School programs and class size is limited, so register early.

Participants must be registered by close of business the day prior to the program.

Homeschool Science Crew: Chemistry

Tuesdays, January 15th – February 12th

1:00PM-2:00PM

CMOST is offering a new five-week Science Crew program for our home school families. Chemistry: Discover density, create polymers and experiment with reactions. All the lessons are hands-on, minds-on fun! Sessions for each age group are held concurrently for ages 6-10 and 10-14.

Pre-Registration is required.

Upcycle Art

Saturday, January 19th

1:00PM

Kids will reuse throw-out material and recycle common household junk into creative and interesting works of art. Please bring in a few holiday cards, if you have them and any other fun recyclables you might not want to throw away.

What's All the Static?

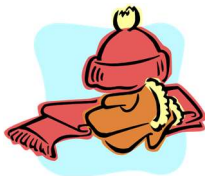

Sunday, January 27th

1:00PM

There are electrical charges all around us. Stop in today and learn what makes static electricity so cool. Hands on activities and experiments will help us understand the shocking truth about static electricity.

#CMOST Gives Back

Throughout the month of January, CMOST will be collecting new or gently used hats, mittens and scarves at the front desk. These donations will be given to a local shelter on January 31st.

Did You Know? 2019

- CMOST is a stand-alone 501(c)(3) nonprofit charity that relies entirely on financial support and dedication from our members, individual donors, corporations, and foundations.

- 25,000+ people visit CMOST each year, they value the distinctive experience available at the Capital District's only science museum specifically designed for children.
- CMOST is in the community engaging 35,000 children in the Capital Region with STEAM outreach programs each year, turning traditional classrooms and libraries into learning labs.

- Nearly every school district in the Capital Region, and hundreds of home-schooled children, seek out CMOST as their destination for STEAM programs.
- Financial support of CMOST provides crucial funding for education programs, exhibits, classes, and special workshop events. CMOST must close the gap between our operating expenses and the money earned through the cost of admission. Your tax deductible contribution provides that funding!
- CMOST is NOT owned, operated, or affiliated with any college or university.
- CMOST is NOT federally or state funded.

Field Trips & Traveling Programs

CMOST field trips are unique, fun, and engaging experiences that allow children to learn through play. All field trips are led by a museum educator, and will immerse your students in hands-on STEAM exhibits and activities. Book a field today to explore, discover, and imagine the exciting world of science and technology with your students.

Can't get your group to The Museum? Let CMOST bring The Museum to you! CMOST Traveling Programs are incredibly popular and provide a great educational opportunity featuring hands-on science activities. Programs are standards-based and designed to help students learn at their own pace and ability level.

Interested in reserving a Traveling Program? Be sure to book early as programs and dates can fill up quickly. You may:

- Call us at 518.235.2120 ext. 206
- Email us your scheduling request form: scheduling@cmost.org
- Fax us your scheduling request form:(518) 235.6836

For more information or to register for programs, please call 518-235-2120 or visit www.cmost.org
