

CHILDREN'S MUSEUM OF SCIENCE + TECHNOLOGY

Science Enrichment Labs 2019-2020

Thursday afternoons

1:00 – 2:30 PM

Age groups: 6-8 years and 9-12 years

September 12th
Out of this World

Join CMOST staff as we explore the solar system and learn about the things that are happening in the great beyond.

October 10th
Our River, Our Responsibility

The Hudson River is an important part of the ecosystem in our area. Learn why it is so important and what steps we can take to keep it healthy for future generations.

November 14th
Make "Sense" of This

A lesson in learning about your five senses and how important they are to your survival. Do you and animals share the same senses?

December 12th
Maker Mania

Join the maker revolution as we create, deconstruct and invent our way through the day. We will make things, take things apart and come up with an invention of our own

January 9th
Ice Cold

Let's explore the science of cold. Snow, ice and snowflakes are an example of the winter fun that we will look at during this fun and chilly science adventure

February 13th
Heart Science

We will learn some biology basics, perform experiments using our bodies as the scientific tools and to round out our program we will explore the human heart through dissection.

March 12th
Energizing Fun

What do you know about circuits? Can you light up the light bulb eyes on a cool little creature, or construct the perfect wind turbine blades? Join us and find out how fun energy can be.

April 9th
Is It Easy Being Green?

Now is the time to protect the Earth. Join us as we learn a bit about climate change, find ways use the 3 R's (reduce, reuse, recycle) in new and innovative ways and create something new out of something old.

May 14th
Growing a Garden

We will dig into the dirt as we explore seeds, seedlings and bulbs and start a few garden plants. What makes your garden grow?

June 11th
Carnival Science

We will wrap up our homeschool season with the science behind the carnival. Outdoor games (weather permitting), popsicles and fun with friends while we learn about carnival attractions and what makes them tick.

All home school programs are offered for children age 6-8 and 9-12. In order to ensure quality teaching and to create a conducive learning environment pre-registration is required for all Home School programs. **Participants must be registered by close of business the day prior to the program.** To register for a program, please call 518-235-2120 or complete the registration form below and return to CMOST. Registration is not complete without payment. Children cannot be left unattended at The Museum under any circumstances.

Pricing for science enrichment labs:

Individual Session(s): \$9.00
Each additional child: \$8.00

Name of Parent/ Guardian: _____

1. Child: _____ DOB _____ 2. Child: _____ DOB _____

Address: _____

Phone (Home): _____ Email: _____

Program(s) you wish to attend please place the # of the child (number located next to their name above) attending the program in the space provided:

___9/9/19	Out of this World	___2/13/20	Heart Science
___10/10/19	Our River, Our Responsibility	___3/12/20	Energizing Fun
___11/14/19	Make "Sense" of This	___4/9/20	Is It Easy Being Green?
___12/12/19	Maker Mania	___5/14/20	Growing a Garden
___1/9/20	Ice Cold	___6/11/20	Carnival Science
