

CHILDREN'S MUSEUM OF SCIENCE + TECHNOLOGY

Spring Vacation Day Camp April 2020

Join us on your school break to explore, discover and imagine the world of science during a day of camp at the Children's Museum of Science and Technology.

Date	Camp
April 13, 2020	Engineering Through the Ages: We will wander from the past to the future and learn about the engineering marvels of different times. Pyramids, grass huts, and the Roman Coliseum are just a few of the structures we will study and build, CMOST style.
April 14, 2020	Spring into Spring: Get ready for Spring motion madness as we look at some of our favorite seasonal activities. Learn the science behind kite flying, and how gravity and energy keep you riding your bicycle. Spring time games and fun will round out a great day at CMOST
April 15, 2020	Wake up Little Creatures: Investigate some local animals, where have they been hiding and what are they doing now. Of course we will meet and observe some of the resident CMOST animals. Weather permitting we will be spending time outside.
April 16, 2020	Castles, Forests & Mythical Creatures: Build a castle, create a faerie house, and walk the trail looking for signs of mythical beings. Are dragons real? What about unicorns? Investigate the science that can answer those and many other questions as we put our imaginations to work.
April 17, 2020	Get Ready to Garden: It is time to get your garden ready! We will explore what makes dirt healthy, why pollinators are so important, and do a little gardening in CMOST's pollinator garden. You might even plant a couple of things to put in your own garden, at home.

Pricing:

CMOST Members: \$50.00 per day

Non-members: \$55.00 per day

Extended Camp Care*: Before Care (8 to 9 a.m.) | After Care (4 to 5 p.m.) will cost an additional \$6 per day, per camper. Pre-registration is required for Extended Camp Care.

2020 Spring Vacation Day Camp Registration

To register, please call 518-235-2120 or fill out the form below.

Name of Parent/ Guardian:

Are you a CMOST member?
